

Tick off these species you spot on your Big Winter Wander!

## STARLING

A large group of Starlings is called a 'murmuration'

## HAWTHORN TREE

The fruit, or haw, provide important winter food for birds

## SNOWDROP

Snowdrops are one of the first wildflowers that appear each year

## COMMON CHICKWEED

As well as feeding birds, chickweed can be eaten in a salad too!

## ASH TREE

Look for sooty black buds and upturned grey shoots to identify this tree

## FIELDFARE

Fieldfares are sociable birds and can sometimes be seen in flocks of several hundred birds
