

Tick off these species which you can spot in **urban** environments!

## JACKDAW

© OLA JENNERSTEN / WWF-SWEDEN

Jackdaws are the smallest member of the crow family.

## ALDER TREE

Alder improves soil fertility by fixing nitrogen from the air.

## HOLLY

© OLA JENNERSTEN / WWF-SWEDEN

Holly plants can be male or female. Bushes with berries are female.

## IVY

You can look for Ivy's fruits, which ripen from November to January.

## OAK TREE

© GERMUND SELLGREN / WWF-SWEDEN

Oak trees can live over a thousand years!

## WOODPIGEON

© OLA JENNERSTEN / WWF-SWEDEN

The UK breeding population is around 5.4 million pairs.
