# WILL YOU BRAVE THE

**FUNDRAISING GUIDE** 

# AND JOIN THE FIGHT TO PROTECT THE PLANET'S MOST VULNERABLE HABITATS?

This is your fundraising guide full of the information you need to take on WWF's chilly challenge as a group. We'll tell you how to sign up and ent-ICE the rest of your team to Brave The Chill and raise vitals funds to bring our world back to life. We can't promise that you will keep a straight face when you brave the elements but we can promise you'll feel brrr-illiant.

### WHAT?

Brave the Chill is WWF's new cold-water fundraising event which is taking place this winter. Whether it's a quick dip, a cold shower, or an icy bath, we're encouraging everyone to Brave the Chill and get sponsored in aid of WWF. All you need to do is decide on how you're going to take on this challenge, encourage others to join too and get sponsored.

### WHY?

Climate change is the greatest environmental challenge the world has ever faced. Global warming is likely to be the greatest cause of species extinctions this century with a 1.5°C average rise putting 20-30% of species at risk. With nature in freefall, we're now in a race to restore the natural world and prevent catastrophic climate change before it's too late. It's a race we can still win.

When you get sponsored to Brave the Chill, you won't just be battling the elements, you'll be helping to bring our world back to life, too.
