

AUTUMN

NATURE SPOTTER

Scotland is known for its incredible wildlife and habitats. From the city to the countryside, nature can be found all around us.

Use our spotter sheet to **connect with your local environment** and **discover the amazing species** that call it home.

You can **screenshot the spotter page for later** and **tag us** in your adventures - we'd love to see what you spot!

Conker

Migrating geese

Apple tree

Fallen leafs

Autumn berries

Murmuration

Pine Cones

Redwing

Sycamore seed

Brambles

Fungi*

Slater

*Admire fungi and berries with your eyes, rather than touch or pick them.

AUTUMN NATURE SPOTTER

Did you know?

The rowan tree is commonly planted at doorways as protection against unwanted enchantments.
